STUDENT MEMBERS

Student Members are selected by the National Committees of CIGRE.

At the beginning of each Semester, or Academic year, the CIGRE Committees must require from each Student Member a Certificate of Education confirming the renewal of the status, and update the NCDB consequently. Otherwise, the access rights are closed by the Central Office.

The Student Member Status is free of charge, personal and non-transferable.
(There is no age requirement and no limite in duration)

Are eligible:

- **Students undertaking a full time tertiary education at a nationally recognized Educational Body (College, University, Training Establishment)**
- **M.Sc. Students, PhD. Students and D.Sc. Students.**

MEMBERSHIP BENEFITS

- ► Access to the latest CIGRE technical information and to Electra on www.e-cigre.org
- ► Many services, information and links to CIGRE National Committees, and Study Committees that organize regional meetings and local events.
- ► Opportunity to take part in CIGRE's technical work and to share experiences. (CIGRE Working Groups and Study Committees count more than 4 000 experts).
- ► Opportunity to present Papers to Sessions and Symposia.

ELECTRA

6 times a year

The bimonthly journal of the CIGRE Association contains information
- on the progress and results of the technical activities,
- on the life of the Association,
- on events organised by the CIGRE National Committees
- on international meetings.

PUBLICATIONS

10 000 digital references

- Technical brochures on the work of the Study Committees.
- Technical Papers published in ELECTRA.
- Papers and Proceedings of Sessions and Symposia.

Free access to all the digital references.

SESSION / SYMPOSIUM

REDUCED REGISTRATION FEES (Approx. - 20 %)

Every even year, in Paris, the **CIGRE BIENNIAL SESSION** brings together more than 3 800 Delegates and 10 000 participants. Over 600 Papers are presented. It is a unique opportunity for business contacts and exchanges of information with the best experts, top managers, decision makers, professors, government representatives and engineers from around the World.
With over 300 exhibitors and 8 000 visitors, the **INTERNATIONAL TECHNICAL EXHIBITION** held during each Session is a complement and illustration of the Session topics.

In odd years, two **SYMPOSIA** with an international audience and around 400 delegates are organised in different countries. They focus on a subject of topical interest and propose educationnal Tutorials.
